

Full relaxation and complete calming
in Virtual Reality

THE CONVENIENCE OF CONTROLLING
A GROUP RELAXATION SESSION

Are you going to relax people on a larger scale?
Don't forget the extra software and the tablet!

Order your headset with the VR TierOne GO control software

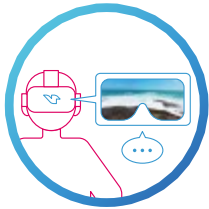

OPERATE MULTIPLE VR TIERONE GO HEADSETS SIMULTANEOUSLY

- Use it for a group of treated patients,
- Use it for employees in your company,
- Introduce it in your relaxation center,
- Use with people under your care in a senior home

CONTROL THE COURSE OF THE GROUP RELAXATION SESSION

- See what each participant sees,
- Monitor the battery status of mobile headsets,
- Track the progress of relaxing VR videos,
- Be sure of the technical condition of your headsets

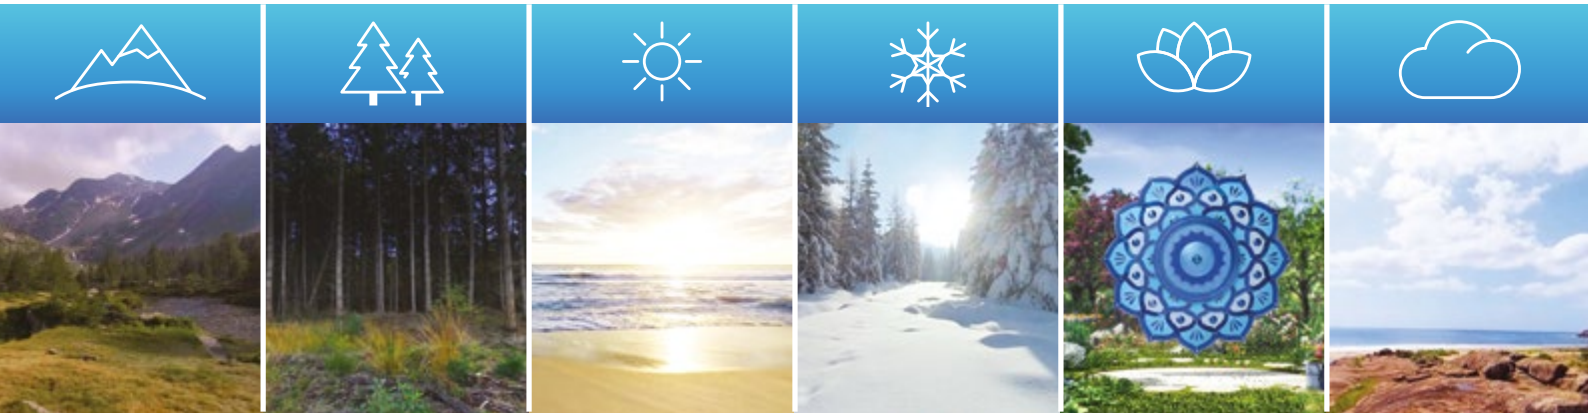

RELAX ALL PARTICIPANTS SYNCHRONOUSLY

- Manage any number of pairs of VR TierOne GO headsets,
- Introduce everyone at once in the state of relaxation,
- Remotely control your VR TierOne GO headset fleet,
- Relax virtually without technical difficulties

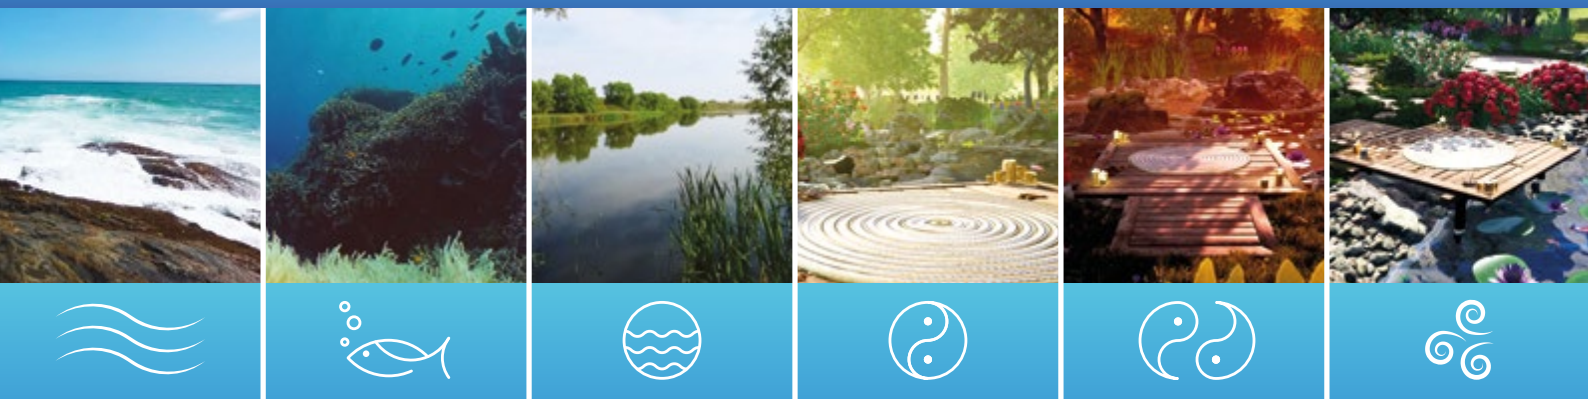

PURCHASE GROUP RELAXATION CONTROL SOFTWARE

- 1 device with software,
- Facilitation for the those in charge,
- Transparent interface and easy operation,
- Additional VR TierOne GO option.

The VR TierOne GO device contains a collection of VR 360° videos with voice-over therapist and relaxing music
